Organic Hazelnut

A Community-Minded Café:

NON-PROFIT Coffeehouse

All sales income goes to Goodwill Industries of North Central Wisconsin to continue to offer unique, innovative and impactful programs for our community members. We strive to be a socially responsible coffeehouse with a vision to create a better community where arts and culture are celebrated, leaders are developed, civil dialogue is promoted, and all people are valued!

GREEN Coffeehouse

We compost all of our coffee grounds and filters and also use compostable cups, plates, dinnerware, napkins and straws. All of our compostables go to the Fox Cities Community Gardens. We also offer discounts for green choices such as re-using mugs and using alternative transportation.

Organic Coffee & Fair Trade Beans

Our beans are roasted locally by a family-owned business for the freshest cup of coffee. Through Fair Trade, the farmers who grow our beans are getting a fair wage for their beans. And, we only use organic beans. You are helping support locally owned & operated businesses, farmers in other countries, and the environment. Each cup of coffee and shot of espresso is ground, crafted and brewed fresh by the cup by our skilled baristas for a gourmet coffee experience.

Cyber Café & FREE WI-FI

In our rapidly changing world, we believe everyone should have access to information. Our affordable cyber café and FREE WI-FI help keep our community members informed & connected. Elders email their grandchildren, students write papers. Business folks use our café as an office without cubicles—and we even offer fax and photocopy services.

NON-PROFIT Coffeehouse

ALL proceeds support Goodwill NCW programs
