

## CHAPTER VII - PRESERVATION PLANNING

The City of Kaukauna Intensive Survey Project included a Preservation Planning Component. The City of Kaukauna contracted with Robert R. Hartmann, Design Consultant, to prepare design guidelines, design recommendations, and planning recommendations related to the preservation of downtown Kaukauna's historic and architectural features. The result of this work is a publication entitled: Kaukauna Downtown Improvement: The Value of Preservation Design.

The publication includes the following chapters:

- I. Introduction
- II. Building Improvement Options
- III. Basic Design Guidelines
- IV. Specific Design Guidelines For Storefront Maintenance and Renovation In Kaukauna's Central Business District
- V. Other Design Considerations
- VI. Application of Design Guidelines
- VII. Financing Incentives
- VIII. Preservation Planning Recommendations

A copy of the document may be obtained from the Community Development Department, City of Kaukauna, 201 West Second Street, Kaukauna, Wisconsin.
